

# Be a friend of the Township of Washington Public Library

## 2007 FUNDRAISING DRIVE

The Friends of the Township of Washington Public Library is a volunteer group of citizens who are dedicated to improving and assisting the library, its programs, and facilities. Our mission is simple:

1. To increase community awareness of the value of the library in the community; and encourage the use of library resources
2. To raise funds for special equipment, programs, and materials which the regular operating budget of the library does not cover.

The Friends continue to support many special library programs and events. Through your generosity, we are able to fund the children's summer reading programs each year. We also donated the sound system for the Program Room. In the spring of 2006, we dedicated our new History Room to the memory of Cheryl Hopper Todd. Our contributions to this project are ongoing and include the computer, furnishings, and archiving materials and fees. Although far from finished, our History Room is now open by appointment to all residents of the Township.

*Now, more than ever, we need your continuing support!*
